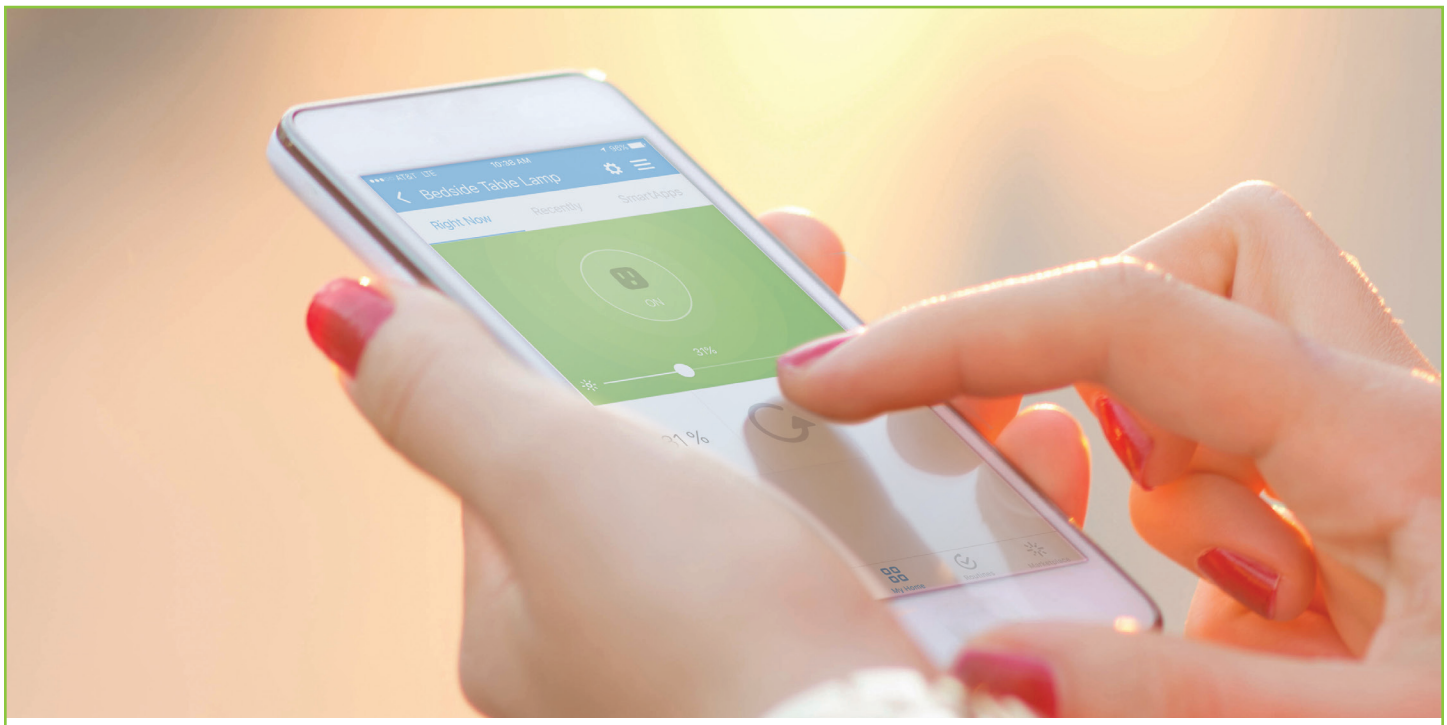
Samsung SmartThings Hub + Leviton Z-Wave Bundle



Whole House Automation Made Simple

Application

Whole house automation is made simple with a strategic partnership between Samsung SmartThings and Leviton, resulting in a pre-packaged home automation starter kit. Control and automate lights, save money on energy, include connected thermostats, and add a wide variety of third party solutions to create a truly custom yet affordable and accessible smart home. Set Leviton lighting controls to activate when there's motion, or turn off when there isn't, and control and automate multiple lights with one button.

Start your next smart home project with the Samsung SmartThings Hub and Leviton Vizia RF + bundle, complete with Hub, Dimmer, and Switch. Add as many or as few smart devices as you want from Leviton, choreograph them to work together in one free app, and create a smarter home that automatically reacts as life happens. Whether you have two smart devices (like the Leviton Z-Wave Dimmer and Switch) or 200, all you need is one Hub to create a smart home.

What's in the Bundle?

1. Samsung SmartThings Hub
2. Vizia RF + Dimmer, VRMX1
3. Vizia RF + Switch, VRS15

Leviton Wireless Lighting Controls

The Leviton VRMX1 is a universal dimmer for dimmable LED, incandescent, halogen, and magnetic low voltage. It is rated for 1000W incandescent, 450W LED/CFL and Mark 10, and 1000VA for magnetic low voltage.
The Leviton VRS15 is a 15A switch for single pole, 3-way or more applications and is rated for 1800W incandescent, 1800VA magnetic low voltage, 1800W electronic low voltage, 1800VA fluorescent, and 1/2 H/P supplemental.
