

Model No. HRDS1

HomeRemote™ Wireless Door/Window Sensor

Web User Interface

Cell Phone Interface
(Requires Pro-Level Service)

Secure and monitor your home with the HomeRemote Door/Window Sensor and the HomeRemote Pro system. The plug and play Wireless Door/Window Sensor can be assigned to turn lights on or off when your door opens or send text message alerts and emails when activity occurs.

- Integrates seamlessly into the HomeRemote Web Interface
- Long battery life (batteries included)
- Works great with doors, windows, garage doors, and fridges
- Monitor any door or window in your home
- Set text message or e-mail notifications when doors open or close
- Set "Device Links" to trigger lights to turn on when doors open
