

INTER-TEL HEADSET

The ideal combination of size, mobility and convenience

The Inter-Tel Headset has a stylish design that gives you greater freedom and movement as well as hands-free, fatigue-free telephone conversations. Try this headset for the best design in comfort, efficiency and quality.

The Inter-Tel Headset includes both over the head and over the ear interchangeable options to meet user preferences and comes fully equipped with the following:

- ▶ Headset and amplifier connects to a single or multi-line corded telephone
- ▶ External headset receiver rests lightly against the outside of the ear or over the ear based on user preference
- ▶ One button selection between headset or handset
- ▶ Convenient disconnect features let you walk away from your phone while still wearing your headset
- ▶ Convenient size and lightweight design
- ▶ 2 year warranty

INTER-TEL HEADSET FEATURES

Mute Control:	Provides the user with the ability to cut off the microphone for listen only mode, great for conference calls
Listening Volume Control:	Users can increase or decrease the volume of the caller's voice
Handset/Headset Button:	The headset can remain plugged into the phone, and the user may switch between headset and handset use easily
Battery Test Indicator:	If the indicator light does not light up when the mute button is pressed, the batteries need to be replaced
Tone Control:	The user can adjust the bass and treble sound
External Power Supply Jack:	An AC power adapter (3V PC) may be used instead of batteries
Stereo Jack for Recorder:	An optional recording device may be connected for recording conversations
Transmission Volume Controller:	Provides the user with the ability to adjust the microphone volume
