

DP28-NTA
Door Station Awning

DESCRIPTION

This accessory is an optional awning manufactured in steel with a black powder coating made specifically for the **DP28-NIT** and **DP28-NWT** Door Stations. This Door Station Awning will help protect your Door Station from the elements wherever it is mounted. The **DP28-NTA** will house one Door Station while the **DP28-NTA2** can house two Door Stations.

FEATURES

- Black powder coating for added protection
- Easily mounted on most surfaces including fences, gates, or any other entryways
- **DP28-NTA** houses one Door Station
- **DP28-NTA2** houses up to two Door Stations

APPLICATIONS

- Protect Door Stations from the elements
- Can be placed at many entrance ways such as:
 - Front/Rear Entrance
 - Remote Entryways
 - Marine Docks
 - Delivery Docks
 - Secured Facilities
 - Senior Housing
 - Disabled Housing
 - Apartment Complex
