

HomeTroller-SEL Home Automation Controller

Automate Your World with the HomeSeer HomeTroller-SEL

Our new HomeTroller is an advanced home automation controller that's designed to simplify your life by integrating and automating the major systems of your home! Use it to monitor and control lighting, appliances, climate, security, irrigation, window shades and home entertainment equipment.

- **Keep tabs on your home while you're away!**
- **Ensure your family is safe!**
- **Receive announcements, alerts and reminders!**
- **Conserve energy and lower utility bills!**
- **Remotely control door locks and thermostats!**

HomeTroller supports the widest variety of user interfaces available. Choose from multi-button scene controllers, touchscreens, tablets and smart phones! Mix and match any combination of interfaces you like to suit the needs of your family.

The built-in web server allows you to access your home while you're away at work or on vacation. Easily keep tabs on your home and family with any web browser. Receive emails or text messages when things happen at home or people come and go.

Now you can finally have the peace of mind that comes from knowing your family and home are safe and secure!

HomeSeer HomeTroller-SEL Home Automation Controller

Key Features

- Built-in web server for remote access anywhere.
- Easy-to-use web interface allows easy access and control with any web browser.
- Supports the widest variety of user interfaces, including wall controllers, touchscreens, smart phones and tablets.
- Compatible with a wide variety of technologies including Z-Wave®, X10, UPB™, Insteon® and many others.
- Designed for voice control by microphone and mobile device.
- Creates alerts, announcements and reminders by email and text message.
- Includes calendar-based functions for easy scheduling.
- Automation events may be created 'on-the-fly' with voice commands.
- Fanless, diskless design for silent operation and ultra-high durability.
- Ultra low power consumption conserves energy and lowers utility bills.
- Includes true 'trigger-based' automation with advanced conditional options.
- Built-in power failure recovery feature runs events missed during outages when power is restored.
- Includes multiple ports for integration with the most commonly used technology interfaces.

HomeSeer®

HomeTroller-SEL Home Automation Controller

Technical Specifications

HomeTroller-SEL System

Control Software: HomeSeer HS3 with
Operating System: Linux
Mechanical: Fan-less, diskless design
Processor: 1.58 GHz Dual Core Celeron
DDR Memory: 2 GB
Storage: 32 GB SSD
USB Ports: 3
Audio: Split Mic in / Line out
Network: RJ45 Ethernet
Monitor: HDMI, VGA
Power Consumption: < 10 watts (nominal)
Boot Time: < 20 seconds
Power Supply: 120-240v, 50/60 Hz
Dimensions: 4.5"W x 2.25"H x 4.25"D
Certifications: UL, CE, CCC, FCC

HomeTroller-SEL Home Automation Controller

Technologies Supported

Lighting

Z-Wave (All Brands), X10, Insteon*, UPB*, PLC-BUS*

Thermostats

Z-Wave (Honeywell, Trane, 2GIG, RCS, Evolve)
RCS Serial, HAI Omnistat

Door Locks

Z-Wave (Schlage, Kwikset, Yale, Baldwin)

Cameras

Foscam

Security

DSC

Media

DirectTV*, iTunes*

Infrared

Global Cache (iTach, GC100, Flex), Square Connect

AV Receivers

Onkyo*

Energy management

Z-Wave (Aeon Labs), Current Cost, TED*

Analog & Digital Device Support

ADIO-100, WGL Relay8, Global Cache WF2CC / IP2CC,
Insteon 2450*

Irrigation / Water Management

WGL Rain8, Z-Wave (FortrezZ)

Pool / SPA Control

Goldline AquaConnect*

HSTouch User Interface Design System

* 3rd party software plug-in is required
