Design Features

- One always-on pass-through outlet – top outlet
- One Wi-Fi controlled outlet – bottom outlet
- Requires 2.4GHz Wi-Fi – compatible with single-, dual- and tri-band routers
- Free JascoPro Series app – no hub required
- Effortless Wi-Fi setup and control
- Mobile or voice control – works with Amazon Alexa and Google Assistant
- Turn ON/OFF the connected device manually or with the JascoPro Series app
- Manual ON/OFF control with the front button
- Can be included in multiple groups and scenes
- Control and schedule lights, fans and other plug-in devices
- Screw terminal installation – requires wiring connections for line (hot), neutral and ground
- Tamper-resistant outlets
- Blue LED indicates ON/OFF status – supports advanced configuration for LED status
- Over-the-air (OTA) updatable – firmware and app updates ensure the latest features are always available
- Interchangeable faceplate – white and light almond included
- Uses standard rocker wallplate – not included

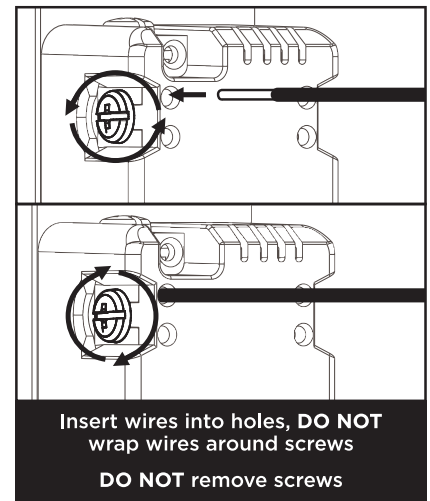

Installation Recommendations:

- Insert wire into port and tighten screw – do not wrap wire around screw
- Wallplates sold separately
- Trilingual Instruction manual – English, French, Spanish

Wiring

Space-Saving Screw
Terminals

Two Outlets

Contains one standard grounded AC outlet and one Wi-Fi controlled AC outlet

Tamper Resistant

- Prevents objects being forcibly inserted into a single slot
- Improves child safety
- Prevents injuries associated with electrical receptacles
- Meets National Electric Code (NEC) requirements
- UL listed

Install the App

Remotely operate your smart outlet with the easy-to-use JascoPro Series app. Follow the available instructions and resources to set up your smart device.

NOTE: If the LED is not flashing, press the programming button for five seconds to reset device and start the pairing process. If the LED is still not flashing, turn off power at the circuit breaker or fuse box, remove outlet and check wire connections.

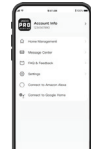

1 Download the app

Scan the QR code or search JascoPro Series on the Apple App Store or on Google Play

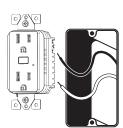

2 Setup and installation

Create an account in the JascoPro Series app

3 Setup and installation

Wire the smart outlet following the provided instructions

Add devices, control the smart outlet from anywhere and create schedules

4 Voice control

Voice control works with Amazon Alexa or Google Assistant

Select "Support" in the JascoPro Series app or follow the steps in the Amazon Alexa or Google Home app to connect your JascoPro Series account
