

GW100 Gateway.

The NuVo Wireless Audio System might seem like it runs on magic, but the real secret to reliable, high-fidelity wireless home audio is our robust, audio-only network, provided by the Gateway.

At the core of the NuVo Wireless Audio System is the Gateway, which secures an audio-only network off a home's router for pristine delivery of music and metadata to your players and control devices. Using the most advanced WiFi protocol, the Gateway allows your system to play audio-lossless content throughout your home, wirelessly, without ever missing a beat, so you can listen to your non-compressed files the way they were meant to be heard.

By plugging in to the home's router, the Gateway is able to wirelessly connect your entire system.

- The Gateway allows all of your players to communicate and share content, even playing the same song through every zone, all in perfect sync.
- Using the state-of-the-art wireless protocol, 802.11n, the NuVo system can deliver faster, more robust signal transmission.
- Concurrent use of both 2.4 and 5 Ghz bands allows the system to avoid interference, for hiccup-free listening.
- Just connect to your home router for easy set up.
- Extend the range of the Gateway network by adding a second and third Gateway to the system.

GW100 Gateway.

Specifications

System Information

LAN Connection	5 LAN - RJ45 - 10/100/100 Mbps
Wireless Connection	2 TX x 2 RX MIMO, IEEE 802.11a/b/g/n Dual Band - Concurrent
Wireless Data Rate	Up to 300 Mbps

Power Requirements

Power Supply	12V DC, 1.0A
Input Voltage	100-240VAC, 50/60 Hz
Rated Power	12 W

Regulatory Approvals

Controller	
EMC	FCC, IC, CE-EMC, C-Tick
Power Supply	
Safety	cULus, GS Mark, CE-LVD
EMC	FCC, IC, CE-EMC, C-Tick
Environmental Compliance Europe	RoHS

Operating Temperature

0° C to 40° C

Physical Specifications

Unit Size (mm)	32.8 H x 176.5 W x 133 D (including antennas)
Unit Size (inch)	1.29 H x 6.95 W x 5.24 D (including antennas)
Unit Weight (kg)	0.55
Unit Weight (lbs)	1.21

Shipping Specifications

Unit Size (mm)	240 L x 230 W x 65.5 H
Unit Size (inch)	9.45 L x 9.06 W x 2.58 H
Unit Weight (kg)	0.90
Unit Weight (pounds)	1.98
