

Installation Instructions

When adjusting the

bracket vertically slide it along the straps to achieve desired position. The straps have perforations running their length with one inch spacing.

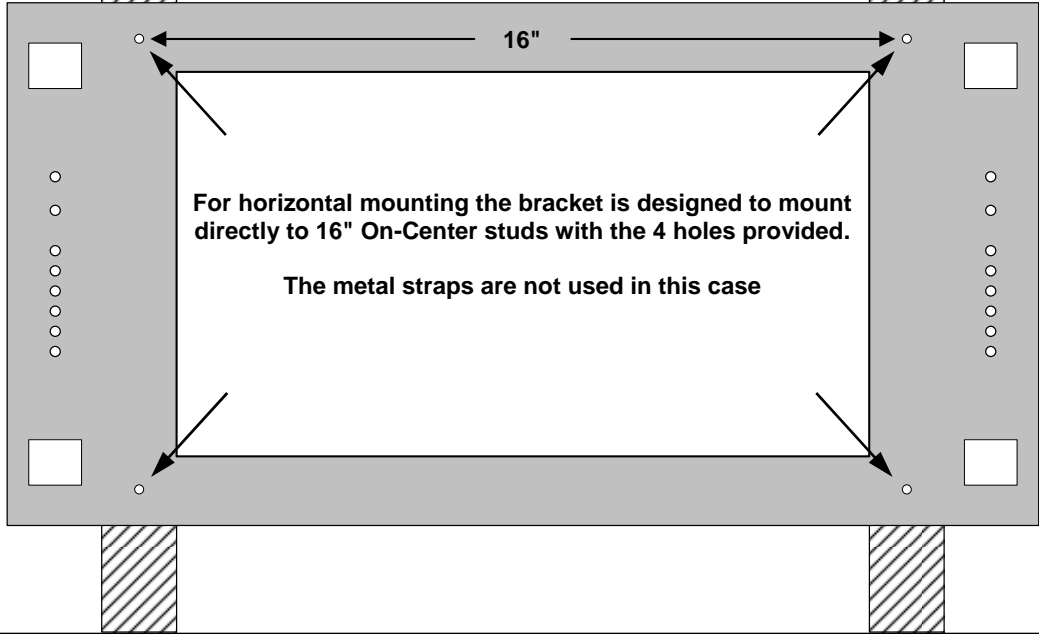

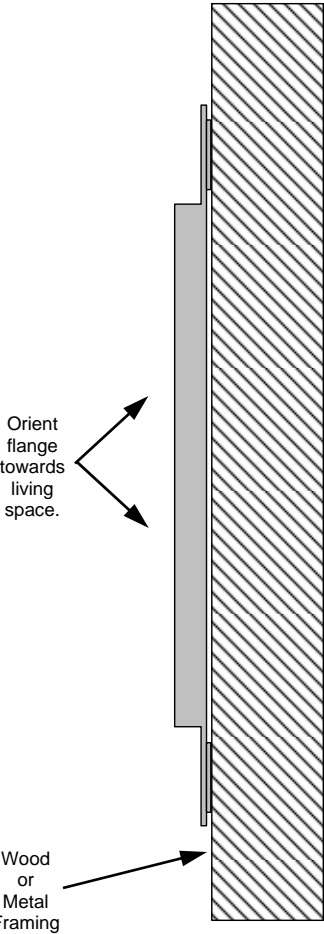

The bracket has a series of 8 indexing holes per strap location allowing it to be indexed at 1/8" intervals, as the bracket slides along the straps note that with each 1/8" of travel one of the 8 indexing holes comes into alignment with

Rectangular Brackets are furnished with straps 19" long.
Optional 36" long straps are available separately on a special order basis.
Model MS-36

Be certain to use a LEVEL when installing rectangular brackets on walls or the final installation will most likely suffer!
